

Remarks

In the subject Action, the Examiner required Applicant to elect a single enumerated species, as well as an elevation adjustment species, for examination on the merits. Applicant hereby elects the species shown in Figures 29-30 (which Figures are described with reference to a single embodiment). Applicant also elects the elevation adjustment shown in Figure 25.

Applicant is requesting that originally filed claims 1-25 be cancelled without prejudice, and that claims 26-37 be examined. All of the newly added claims have been drafted to read on the elected species. If it would be helpful in any way, the Examiner is always welcome to contact Applicant's undersigned representative to discuss any matter regarding this application.

Respectfully submitted,
